Correspondence:

1. NEMCOG will hold a meeting on October 17, 2013 at Brush Creek Mill in Hillman. The meeting is "Enhancing Northeast Michigan's Natural Resource-Based Economy through Regional Initiatives".
2. The Cheboygan County Zoning and Planning Commission is requesting Matthew Bonnett who owns a hunting preserve on Bonnett Road for an occupancy permit. Mr. Bonnett has owned and operated the preserve for over 10 years.

New Business: None

Old Business: Holly Gedert reported that she has heard a lot of positive remarks about the Afton stone laid at the Douglas Lake boat ramp at the end of Douglas Lake Road. Attorney, Tim MacArthur said the Douglas Lake Association should be held harmless for liability as Munro Township is covered with insurance. A permit is needed from the Cheboygan County Road Commission to do any work on the boat ramp.

Mrs. Gedert said that the Douglas Lake Association would split the cost of maintaining the boat ramp with the township. As the general public also uses the ramp, the Association does not feel they should pay the whole cost. Ed Ginop stated the work should be done this fall when the water level is down. Since the township does not have money budgeted for the project this year, Gedert noted that the Douglas Lake Association would put up the money for this year's work - Munro would pay for the second year (credit DLA their cost), and after that they would split the cost 50%-50%.

Mrs. Gedert also asked about a dock at the boat ramp. She has someone who would build the boat as a donation but asked who could take it in and out each season. Question was also asked where to store it. Ginop said maybe the Douglas Lake Bar, who also has a dock might give permission to store on their property being it is right next door to the ramp.

Ginop made the motion to adjourn the meeting at 8:00 p.m. Tracey supported the motion.
