He has agreed along with Supervisor Antkoviak to contact the individuals who did the original work to address the issues and schedule the appropriate course of action for repairs.

Discussion was held in regards to dust control and any potential safety hazard that it posed. The Cheboygan County Road Commission (CCRC) has assured that the brine we use contains no radio-active material and meets all Michigan Department of Transportation safety requirements. If anyone is interested and would like more information on the matter they can access the CCRC website.

The Munro Township Annual Residential Cleanup Day is scheduled for Saturday, May 25, 2019 starting at 7:00 AM until each residence has been successfully serviced. Trash must consist of household items only, items such as concrete, yard debris, and hazardous items will not be accepted.
